Comments from Class Participants

“I learned a valuable technique to clean up my emotional messes and how to make better decisions. This technique should be taught in schools!”

“It made me realize how I hurt my victims and that it wasn’t just one victim involved.”

“I was able to identify ways to deal with my anger and understand what impact I have on the community and victims of my crime. Very up front and constructive instruction was very beneficial to my learning style. THANK YOU SO MUCH!”

Evidence Based Pre-Treatment Services

Victims Impact/Empathy and Life Skills Classes

Community Benefits

• Safer Correctional Institutions
• Lower Recidivism Rates - 83% of participants do not re-offend
• Reduced Crime and Safer Communities
• Saves Tax Dollars

After Pre-Treatment offenders are:

1) Engaged and motivated
2) Easier to supervise
3) Open to other education & treatment programs
4) Able to understand and apply treatment techniques more easily

A Powerful Victims Curriculum:

CJC offers a unique and engaging eight hour victims empathy course that inspires offenders to change destructive behaviors.

Class participants come to recognize the damages suffered by their victims and clearly understand the real harm they have caused to these individuals and their communities.

Many organizations use the class as a powerful pretreatment treatment tool that can improve the outcomes for offenders in their programs.

Record of Success

CJC Classes Participants Recidivism Rates

Prison Inmates (released 869) 2001–2010

Only 17% return to prison within 3 years for new crimes

513 Class Participants from Probation 2006–2010

Specifically, those attending the CJC classes were 3 times LESS likely to recidivate than those not attending the class.

Over 60% showed some level of empathy and/or insight into the effect of their actions on the victim/community.
